

GREAT RALLY AT KALIHI

Detention Camp to Have Big Republican Meeting Tonight.

A big rally will be held at Kalihi detention camp this evening under the auspices of the Young Men's Republican Club and efforts are being put forth to make it one of the largest and most enthusiastic gatherings of Hawaiians yet held in the city. The speakers will discuss the Wilcox proposition to place the Leper Settlement under the control of the Federal Government, the advisability of sending a delegate to Washington who will be directly in touch with the administration in power, and the necessity of having an honest, intelligent legislature here.

The meeting will be called to order at 7:30 with President Lorrin Andrews, of the Young Men's Republican Club presiding. The speakers will be Clarence Crabbe, Paul Isenberg, Jonah Kumalae, D. Kaseo, Charles Broad, William Olepau, L. L. McCandless and Charles H. Clark.

The Young Men's Republican Glee Club, under the direction of William Olepau, will be present. The Glee Club is said to be the finest musical organization to go into the campaign and will be well worth listening to.

WRIGHT SUED FOR MISSING MONEY.

Suit in assumpsit was filed Saturday against W. H. Wright by the Territory of Hawaii for the sum of \$17,949.91, alleged to have been taken and unaccounted for by the defendant as Treasurer of the Territory. The petition contains a simple declaration of the fact that Wright obtained the sum above noted without legal authority to do so and has refused and still refuses to return the money to the Territory, though a demand for it has been made.

The papers in the case have not been served as yet, and the service will probably have to be by publication unless the missing treasurer turns up in the meantime. Judgment is asked for \$17,949.91.

Transom Causes Commotion.

A crash of glass on King street yesterday Ewa of Fort street caused excitement for a few minutes. The first thoughts of those who heard it was that some one had made a blunder in breaking into a store, others that a fight was in progress and some one had been jammed against a big show window. The innocent cause of the disturbance was a big transom over the door to the stair hallway of the new Waiy building. The transom is latched at the upper side and in some way the catch became loosed. The heavy transom filled with a large pane of glass swung inward and downward, the brass knob striking the door glass with terrific force, shattering the pane into pieces.
